Dear Parents and Guardians of BOLD Elementary Students:

As part of classroom work at BOLD Elementary, we will be using 21<sup>st</sup> century educational technology tools (Web 2.0 tools and iPad apps) to help engage students and provide greater learning opportunities. In order to be working with the different teacher approved resources, permission must be obtained to create individual student accounts. Please understand, that these student accounts may be monitored or created under a teacher's existing account which can also be monitored. These accounts are designed to be used for educational purposes as identified by a teacher. These resources will help in the development of collaboration, communication and literacy skills. Some of the apps and Web 2.0 tools your student might use are: Apple ID, school email account, Schoology, Notability, Google Drive, Prezi, Animoto, Classroom Dojo etc.

Once permission has been received and the accounts for your son/daughter have been enabled, please feel free to familiarize yourself with the new tools your son or daughter will be using. Your child will be able to assist you with some exploration of the resources. You may wish to peruse your child's work periodically.
