

Local Education Agency (LEA) Testing

In addition to the state-mandated assessments, BOLD Elementary also administers FAST Assessments to all K-4 students in reading and math a minimum of three times per year (fall, winter, spring). Our K-1 students will be administered the earlyReading and earlyMath assessments. Our 2nd grade through 4th grade students will be administered the FASTtrackReading and FASTtrackMath assessments. Each testing session takes approximately 30-40 minutes.

The results of these assessments will be shared with parents/guardians either at conferences or through classroom teacher communication. These results help classroom teachers and interventionists identify students who are struggling in reading and/or math, and which students will be referred for intervention in either reading and/or math. The FAST assessments also help us monitor progress to make sure growth is occurring.
